SDPG LAUNCHES SDPG MUSEUM

SDPG MAKES HISTORY IN MORE WAYS THAN ONE

Here at SDPG the team never stops and they aim to be the best of the best. Sean and the team decided to create a virtual museum of the top bikes at SDPG from event winners to beautiful creations from the community. You can find the museum on Instagram @SDPG Museum. The museum has been closed for a few months due to renovations but the team are expecting to get the museum back up and running very soon

Also SDPG made history with two never seen before events in Motorcycle Esports with the SDPG Rally and the SDPG speedway league. The latter unfortunately wasn't so successful but the SDPG Rally ran very well. We will have another Rally in a couple of weeks on the 20th - 22nd September with the group B bikes taking on the rally

All the action from the event will be streamed live on twitch (SDPGTV)

MOGZY WINS FOR MLD IN A SPECIAL RACE FOR THE TEAM

In our lastest round of the SDPG Endurance championship Mogzy and team MLD took the spoils in a brilliant victory for the welshman. Mogzy was the star of the show in Magny Cours with the team running a special livery for the event due to one of the teams riders Kalan has recently had a family member beat cancer. We pass on our congratulations and thoughts to the family. From the word go it was clear that the MLD riders of Mogzy Ross and Kalan were there to win. The race was close in the opening few laps until lag curtailed the plan. The race then spread out for the most part but the two title rivals Ross and Alfie went toe to toe for the majority of the 40 minutes until with just one lap left Ross had a huge highside on the exit of the final chicane handing P2 with Ross dropping to P4 this now gives Alfie a seven point lead heading into the final race at Vallengunga. Who will take the spoils in the Junior Endurance series?

You catch all the action live on twitch - SDPGTV on the 19th-20th October

SEAN DOBIE AIMS FOR GLORY IN HFSBK AND 24 RACING SERIES

Sean Dobie (SDPG Boss man) has recently got back on a bike. He took part in the MLD MotoGP Esports tryouts getting through to the main league but due to a few problems decided to pull out.

Sean is taking on the HFSBK R7 Cup aswell as the 24 Racing series Japanese SBK championship in the Supersport and street bike cup classes. We asked Sean what his aims were with the return to racing "My aims are to primarily enjoy my racing and do the best I can" He went onto say "My ability has taken a downturn in recent months due to being off the bike but I believe I can achieve a top 6 in all races I'm signed up for at the moment"

Sean's next outing is at Road Atlanta on Monday (7/9/26)

SEANS ESPORTS COLUMN

This coming Monday I race the trusty Yamaha R7 around the beautiful Road Atlanta circuit in America. Early laps are showing we've got potential but piecing a good lap together is proving difficult.

Unfortunately I DNF'd at Donington whilst in a strong position so I'm hoping to rectify that result with a good result in America. After the race I'm flying over to Japan to join my crew for testing for the Japanese SBK series with 24 Racing series. I just want to thank the organisers for allowing me to race
